DETAILED ACTION

Response to Amendment

This Office Action is in response to Amendment filed on 9/2/04.

Claims 6, 10, 15-19 have been cancelled.

Claims 1, 7, 11-13 have been amended.

Claims 20-24 are newly added.

Examiner Amendment.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Newly submitted claims 23-24 directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: newly claims 23-24 disclose invention different from other claims in instant application, a method of forming a fin wherein a width of an opening of a trench is smaller than a thickness of the layer.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 23-24 withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Cancel Claims 23-24.

Reason for allowance

Claims 1-5, 7-9, 11-14, 20-22 are allowed. The following is an examiner's statement of reason for allowance: None of the references of record teaches or suggests the claimed limitations having a method of forming a fin for a FinFET comprising, among other steps, forming a fin in a trench, a spacer on an upper surface of the fin, a liner on the spacer and fin, and removing the liner.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
